**Attachments:** Aggregate Industries, Stoughton letter.pdf

Hi Steve,

Per our discussion, attached, please find the section of the facility's air permit approval letter that required us to write a letter to the US EPA (Special Condition F. #5). The permit was for a portable rock crushing plant. In addition, I have also attached the letter that ETG submitted to US EPA on Aggregate Industries' behalf. As discussed, I have no record of a response from EPA and was not sure if we ever received one.

Any help that you can provide, would be greatly appreciated.

If you have any questions, please feel free to contact me.

Thank you.

Best Regards,  
Chris
